'Hi, I'm Siobhan, I am a registered Social Worker with 9 years' experience supporting children and families to all have the chance to thrive. My roots were as a youth worker in Derby city centre locations, so it feels good to be back home again.

I currently work with disabled young people and I'm passionate about big aspirations, creative approaches to communication and making the world more accessible for everyone. I love how society is beginning to become more fluent in recognising all of our experiences, sensory needs and expressions.

I'm so excited to be joining the team and be able to get creative in such a beautiful space, talking about our big feelings and how we incorporate them into our lives.

At the weekends I love being in the Peaks and parks with my wife and daughter. I find rocks very grounding because they stay so still and solid whilst the world changes around them. One of the things that does often change is my hair, please don't be alarmed if it changes colour between sessions, it happens often and sometimes even surprises me.'
